HOUSE HEALING & EXORCISM

HEALING YOUR HOME OF CURSED AND EVIL ITEMS

Demonic spirits are evil with bad intentions. They were once holy angels but fell from God's grace and were condemned to spend their eternity in hell. They have convinced many wicked people to practice in occult activities, cursing others and hexing others. These occult practitioners may work in manufacturing, manage corporate brands or run their own business; and are now consecrating products to the evil one. They don't care if they "sell their soul" they have already made up their mind to worship evil.

It's not only those working in large organizations, anyone who works in a store can do the same. They consecrate each item to satan, and you unexpectedly go into the store and purchase the items. Unfortunately for Christians, there is no sign indicating what items have been demonized so it's up to you to discern! Discernment is a holy gift from God, and if you are a parent, you are given this gift even if you are not applying it in your day-to-day life.

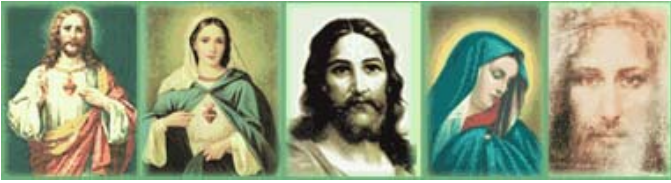

First, make certain you place a blessed Green Scapulars in each of the four corners of your home. If you live in a two-story, place one blessed scapular in the corner of a bedroom (you may want to hide four green scapulars in your son or daughters bedroom), then recite the prayer included on the brochure you received in the Green Scapular Kit. During this process, you can invite a friend to help you. After placing the third blessed Green Scapular then reciting the prayer, you should begin to experience grace pouring down upon you and your home. Your friends will be amazed at the power and grace Jesus has blessed our scapulars with when they feel it happening.

Next, ask Jesus to help you cleanse your home of any items that have been consecrated to evil. It is vital that you understand this simple fact, the items that have been cursed may or may not have a dark overtone or subject matter in it. A good rule of thumb, begin removing items in your home that leans towards evil. An example of this might be a movie on a witch or a dvd based on a fantasy story. Anything that promotes evil or the living dead like vampires would be easy to discern. A great place to start is with your dvd and movie collection; look also at all computer games (we have witnessed first hand demonic oppression of a teenager who liked to play games on a gaming consol).

Also you can have Masses said for the black shadows to leave your home. This can take one to four Masses. Make sure you specify to the church that it is for a "Special Intention". You can have a Priest bless your home, or a Home Enthronement, but that doesn't usually result in the demons being tossed out from your home, since they are attached to a specific item.

If you continue to witness "black shadows" or other bizarre spiritual events like objects moving from one place to another, lights flickering on or off, and books falling off the shelves; you might require a total "House Exorcism". If you have a four-bedroom house, it takes from four to six days (sessions) and around six-hours per session on the telephone to complete. Each home is different so the amount of demonic activity will be different. If you have children who are being attacked by demons at night, or your children say they see a dark shadow in the closet or under the bed, please do not disregard your child's fears. You need to call our Apostolate quickly because CHILDREN SEE THESE BEASTS. The demons are trying to harm your children and your kids are certainly in danger! These demons plan to destroy your family through divorce, or possess your children or more.

A typical home can have 100 to 200 or more items that will need to be removed from the house because they are cursed. Unless you are serious about cleansing your home from cursed items, it is best not to begin the process. When you decide you have suffered enough from the uneasy feeling in your home, the arguing and miscommunication between yourself and your loved ones; then contact us via email at: apostolate@greenscapular.org. We will advise you on what items you will need to purchase from your local Catholic Bookstore, then you need to have these items blessed by your local Catholic Priest. We do ask that you make a donation (we recommend a \$100.00 donation or whatever you can offer). When you contact us, please let us know if you have little children in the house. We don't need to know names, ages, etc. but we need to understand what attacks they are enduring and how they are being affected by the

evil presence. Remember, 100% of your donation will be used to continue our work by purchasing new materials and making more green scapulars for others.

Preparation Needed:

- Holy Water in a spray bottle (with Exorcism Salt is best)
- Blessed Sacramentals (we will tell you what you will need to purchase at a Catholic Bookstore)
- An empty box to hold the items that must be thrown away
- Having a blessed Rosary around your neck when we begin
- Family members gathered together to pray the Holy Rosary (you can pray at a relatives home)
- Children should not be in the house (we suggest that all little children leave the house being exorcised)

You will need one or two adults who are practicing Catholics who will begin and end this process. The two adults will need to attend Confession and Communion before we begin. We will need other Sacramentals to be purchased and blessed by a Catholic Priest (after contacting us, we will explain what needs to be purchased and for what purpose). We will need a commitment from the home owners that the items identified during the exorcism will be removed immediately from the home without exception. Prior to beginning this process on day one, you will need to have a box placed on the front or back porch so when an item is found, someone can place the item in the box outside the home, destined for the trash (you cannot save any item for a yard sale, or give away to anyone else). You will also need a spray bottle with enough holy water to spray each room of your home.

When everything is ready, our Apostolate Volunteer will call you on the telephone. We will open with prayer to Jesus for the healing of your home. Then, the volunteer will begin in one room at a time, normally the room that has the most activity, or the room that a child refuses to sleep in or go into. Our Lord will then lead our volunteer to begin the long process of cleansing your home. Since Jesus sees all and knows all, our volunteer will be ready to walk through your home identifying hidden demons, cursed items and any other evil spirits the Lord Jesus wants out of your home. You will not need to tell our volunteer what is in each room, the Lord Jesus will reveal each item accordingly. When Jesus reveals a particular item, our volunteer will ask you if the item is in the room, if the item is not found right away then you will need to write it down and continue looking for it later that evening. When you witness the power and authority of Jesus Christ, leading you and our volunteer in a miraculous way; you too will know that Jesus Christ is the Most High God capable of everything! Praise you Jesus!!!
