Dear Mother Mary, I am very grateful for your mercy and the graces you have showered for me and my loved ones, thank you very much. Amen.
4. **MIRACULOUS HEALING FOR PARISH PRIEST:** Maria writes - Thank you for your prayers. Thank you Jesus and Mother Mary for answering our prayers for the healing of your blessed sons, our Parish Priest Father Paul. He is back with us on the evening prayer group and working on the parish daily. We thank you and love you both and also St. Joseph.
5. **CANCER HEALING:** Clancy reports the following: "About 19 months ago our son, Terry, was diagnosed with Multiple Melanoma and was told there was no cure. I presented him a Green Scapular and told him about it and the miracles that have been attributed to it. Since that time he has had several surgeries to remove tumors from his spine and neck, has had many months of chemo, blood transfusions and tests of all kinds, even an auto stem cell transplant was successful. His last tests have been negative for the presence of cancer. He has a long way to go before he will be able to work again but he is working hard toward that goal. Yesterday he and I went to visit a family friend that just had a quadruple heart bypass and he drove both ways. Two months ago, he could not have done that at all. Thanks to all of you for all your prayers and to Our Lady and Her Green Scapular. I truly believe this has been a miracle."
6. **CONVERSION BACK TO CATHOLIC FAITH:** Pat shares the following: "I am a hairstylist in LA. The room I work in is like a little chapel of prayer itself. Once a Priest came to have his haircut and told me and I quote "This is a beauty Chapel" .. After receiving the scapulars from you, if someone asks me to pray for them I would give them a Scapular and tell them to keep it with them as a prayer. I figured our Lady would do the rest in response to my prayer. One of my clients who was an alcoholic (I did not know this) ask me to pray for her daughter who was a user (I did not know this either) I gave her the

scapular. (Most people don't give me the run down on why they want me to pray they just ask me to keep their families in prayer. So I just do the praying & God does the rest).

Some time passed and G called me at home one morning before work and was elated to tell me that the prayers worked. That since she received the Green Scapular her and her daughter were in treatment and that when in prayer she asked God where to go for help for spiritual guidance and my name kept coming to mind in a voice form... Well I immediately said to her that she needed to call a priest for counseling. Long story short, she hadn't been to confession in 15 years since becoming a Catholic. She was intimidated but made the call. Now G is a practicing sacramental Catholic on her way to recovery. Praise be to God!"

7. **MOUTH SURGERY:** Kathryn, needing to have six teeth extracted from her mouth and reported the following miracle: "When I was in the recovery room, the doctor came in and said, "You must have said your prayers this morning because everything went exceptionally well!" I certainly didn't do this on my own - thanks again. And as for offering it all up, rest assured, I always do. "Oh my sweet Jesus, it is for love of you, for the conversion of poor sinners, in reparation for sin and sins committed against the Immaculate Heart of Mary." Amen"
8. **EMPLOYMENT FOUND:** Marie from Quebec shares this story: "I want to offer thanksgiving to Jesus and my Blessed Mother because I lost my work for two years and I sent in my prayer request. Now I receive my letter and have to begin with my work. Alleluia!"

13. **SPARED FROM DEATH:** Brother Emmanuel reported this beautiful story: "Dear Sister Elizabeth, Happy Pentecost week in advance, it is my wish to gladly share with you and the brethren in the group of our Lady's Green Scapular this testimony. On Thursday 25th of May 2006, also Feast of Ascension of Christ into heaven is another day I will never forget to thank the Lord for His goodness and love they have shown to me so far. I was going to morning Mass on that faithful morning but unfortunately, I met area boys on my way to Mass. When I say area boys, I mean armed robber. They are four matured men. As they saw me trekking to the other side of the road, they quickly cross over to that lane I was

moving to, and ask me to stop and respect myself for not screaming or something else will follow it. So they begin to search me all over. They brought out my Rosary and my daily Prayer Book on the process and ask me where I was going to, and I told them that I am going to morning Mass. Then, they now query me and ask me the reason why I did not put any money in my pocket, which I find it very difficult to answer their question. So one of them now put his hand inside his inner pocket to bring out a gun as a kind of treat for me to answer their question, but God so kind that he did not succeed with his evil plan because our Lady of the Green Scapular was right there with me. So at the end of every thing, they returned back to me all they have collected from me including my wristwatch. But the most striking point is that there little money I have in my pocket was not tampered with even after they finished their searching our Lady whom I profess blind folded them not to see it and in the same way not to harm me. So kindly join me to thank our Lady of Fatima for the divine MAXIMUM SECURITY she provided for me in the time when am most in need of her protection. This is making it two times armed robber have harass me on my way to Mass. The first one happened last two years on the same route and the same street where I am living. If you are a missionary from Africa then, prepare to carry a heavy cross. I remain yours in our Mother's Green Scapular, Br. Emmanuel.”
