

2007 Healings

1. Clancy reports the following: "About 19 months ago our son, Terry, was diagnosed with Multiple Melanoma and was told there was no cure. I presented him a Green Scapular and told him about it and the miracles that have been attributed to it. Since that time he has had several surgeries to remove tumors from his spine and neck, has had many months of chemo, blood transfusions and tests of all kinds, even an auto stem cell transplant was successful. His last tests have been negative for the presence of cancer. He has a long way to go before he will be able to work again but he is working hard toward that goal. Yesterday he and I went to visit a family friend that just had a quadruple heart bypass and he drove both ways. Two months ago, he could not have done that at all. Thanks to all of you for all your prayers and to Our Lady and Her Green Scapular. I truly believe this has been a miracle.
2. ***A Priest had prostrate surgery and the doctors were successful in getting all the cancer and Sister Helen was miraculously healed from her paralyzed vocal cord after 11 weeks with no voice.***
3. **SUE REPORTS BROTHER'S CANCER HEALING:** My brother has cancer and I wrote to the good people at your site...who immediately started praying for him. He was not given much hope, but I want to report that he finished his treatment and the Dr. were happy with the results and some of the smaller tumors have gone away. He still has some ways to go..but I firmly believe that your prayers and the Green Scapular and most of all the help of Our Lord thru his Blessed Mother is the reason for this. I thank God for finding this site and all the Blessings we have received from Our Lord thru the Blessed Mother's intercession. God Bless each of you and your good works. I also have placed my children and grandchildren in the hands of Our Lady of the Green Scapular...Thanks and Praise to God the Father, Jesus, the Holy Spirit and Our Blessed Mother for all the blessing we have received. I cannot say enough about the kindness and help I have received from the people at this site.
4. Lawrence reports the following after 49 days of unemployment: "This is a praise report - The result of prayer and God's might work. Thank you for all who prayed over these many days. Today (7/20/2005), I signed a contract for a Chemistry teacher position with a large city school. The pay is much better than my previous college employer, the hours are less, the benefits are better, and finally, the commute to work is about half the amount of time from my previous college employer.
5. **The best complement I got today was from a staff member at Human Resources: "You are valuable, it is very hard to get qualified science teachers, and you are very qualified to teach here. We appreciate you coming here".**
6. This was so different from the attitude of previous academic employers, including my most recent college employer. I must express thanks to Father God, Our Lord Jesus Christ and the Holy Spirit as well as all of the intercession by the saints and Internet friends across the world. I must thank all of you for your prayers, offering Masses, rosaries and your kind words of support and wisdom. Thank you again and may God richly bless each and every one of you."
