second child and he has moved out. Please pray that the soul tie between **Nathan & Samantha** be broken & for our family to be healed of this horrible sin. He is so lost and we are in the process of getting a divorce but the divorce can't be final until after the baby is born on Aug 15, 2010. He has turned away from all his brothers, sister, friends and his family. We had a miscarriage back in Oct & we both took it very hard especially him and this was about the time the emotional affair started with Samantha. This girl Samantha was trying for a long time to be with Nathan and I believe at his weakest moment she made her move. Now Nathan tells me that he never loved me and he loves her. Which is false bc I know how much he loved me and I don't believe that God would bless this love that he thinks he has for her while he is married to me. We've been married for 4 yrs and dated for 5 yrs. Nathan has always been a strong believer in his faith and marriage and now his morals about marriage are so crazy. Please pray that all this gets resolved before we have to go through with this divorce in August. Thank you for listening to me I cry out to God everyday for help and sometimes I feel that my prayers are bouncing off the heavens. Please pray for healing for me too and that Nathan receive graces to hear God's will. Thank you for praying for me. Thank you Jesus for all that you've given me and for listening to my prayers. I love you so much. Love, **Krystal**

50. Our cousin Rosie's daughter Angie is scheduled for back surgery today - we're not sure if that means they're talking prep or if that's the time the surgery is starting. This is her 4th or 5th surgery (various doctors) in two years. She and her family have been through incredible stress and pain. PLEASE keep her in your thoughts and prayers today - she didn't sleep at all last night; she's very nervous and unsettled, so please pray God's peace over her. The Orthopedic Surgeon's name is Dr. Jorge - who has a great reputation in Baton Rouge. The family trusts him completely - but more importantly they trust GOD completely! We know God is Angie's Great Physician and Healer and He is directing all concerned, especially Dr. Jorge's hands, mind and heart for Angie's benefit. Our family thanks you for your prayers and support. The surgery itself will take 5 hours, disk fusion, inserting a flexible rod and a tear repair, 1 hour pre-op, 1-3 hours in recovery, 5 days in the hospital and at least a year recovery.
