

Guardian Angel Project

The Mountain Chapter of the Leathernecks M.C. needs your help right away!!! We are starting a **Guardian Angel Project**. It is a fairly simple program; however it requires a lot of coordination and cooperation from friends and families who you know. Many people don't realize that their are Marines who are forgotten who suffer horribly day and night from PTSD. It is a severe [anxiety disorder](#) that can develop after exposure to the horrors of war which results in [Psychological trauma](#) and needless to say, horrible physical wounds.

These events have involved the constant threat of death to oneself or to someone else, or constant exposure to the horror of death day in and day out... overwhelming the Marines individuals [ability to cope](#). As an effect of [psychological trauma](#).

These Hero's who fight for your freedom every day are men and women who suffer through flashbacks or horrible nightmares, avoidance of stimuli associated with the trauma, and increased arousal - Crying screaming and sorrow, associated with difficulty falling or staying asleep, anger, and [hypervigilance](#). PLEASE HELP!!!!

This project is designed to provide Marines with PTDS and Physical wounds **HEAL**.

The premise is simple... and helpful. We need **NO MONEY** all I ask is drawings of "*Guardian Angels*" I have been told that a Certain Physician... affiliated with the Mayo clinic ..An expert in the field of helping wounded Marines said the "*Guardian Angel*" *simply tacked up in the room of one suffering can bring great relief and a focus point for those who suffer.... It's absolutly astounding.*

Its called right now "*The Guardian Angel in my Corner.*" The Pentagon estimates that as many as one in five American Marines are coming home from war zones with traumatic brain injuries, many of which require round-the-clock attention. Lost in this story of returning Marines are the stories of family members who often sacrifice everything to care for them also.

So please help! It really costs only a few minutes of time and a stamp. Is that too much to ask? Please don't delete this email, but send it to those you know and love. Don't leave these poor men and women alone. Thank you so much for your compassion if you can help.

Please send drawings of "**Guardian Angels**" to:

Leathernecks M.C.
Guardian Angels Project
Post Office Box 276
Windsor N.Y. 13865

PLEASE NOTE: Although our Apostolate has decided to post this worthy cause for our suffering military men and women, we are offering you with information only. One of our Apostolate members forwarded this great project information sheet to us and we wish to support them and their work for our wounded Marines.
