

### **Miraculous Report**

On June 27, 2015, we received a lovely email reporting a miracle from a precious Apostle. We cannot share the person's identity, but offer you the following for your own inspiration and confidence that Jesus loves you and cares about your trials and is trying to help you fight against evil.

"Dear Brothers and Sisters of the Apostolate,  
I searched your website and found more information for protection against witchcraft. On Friday, 26th June, I started having some discomfort just like on Monday and Wednesday. I had a pain in my abdomen and loss of appetite. Immediately I took the green scapular and wrote, 'person cursing me now' and said the prayer on the scapular. It felt better. I did it twice that evening and I was feeling much better. Then I checked your website again and found the pdf on Breaking the Stronghold of Witchcraft.

I recited all the prayers with much confidence. I must say the change was evident even as I was saying it. I felt energized and all the fatigue that I was experiencing moments ago left me. Plus I felt truly joyful and very loved by God and in love with Him. I am really grateful to God for all He is doing for me and also want to thank all of you for doing this very important work."

If you would like to report a miraculous experience you had, please know we will never publish your name or anything identifying you. We do everything to keep our Apostles personal information private.
