

## Salvation through the Precious Blood of Jesus

By Anna Marie

There are three prayers I usually say every morning when I wake up: I surrender myself to the holy and Divine Will of our Lord Jesus Christ, I surrender all my pains and sufferings to our sweet Heavenly Mother to help her save souls and I offer my prayers of the day for the Holy Souls in Purgatory. Then I begin to pray the holy Rosary to rid the demons that were sent upon me during the night. It's not a secret, saying the Holy Rosary is one of the greatest "deliverance prayers" offered to the world.

The Lord has also shown me other ways to fight evil, break curses, and get rid of demons that have been cursed upon me from witches during the night when I am most vulnerable. I would like to share this info with you. For more, visit our Healing webpage and see the vision Jesus gave me on *Breaking Curses*.

### STEP ONE

Go to the foot of the Cross where Jesus was crucified.

Collect Jesus' precious blood as it pours from His hands, feet, side and head.

Fill up the pitcher. You can spiritually gather our Savior's holy blood.

Remember, "Ask and you shall receive" (St. Mark 11:24).

### STEP TWO

Take the pitcher full of Jesus Precious Blood and pour it over any wicked home altars created by practicing witches or any occult practitioner and destroy it.

If Catholics have a holy Home Altar honoring Jesus Christ, then witches or evil occult practitioners also have their own wicked home altar where they curse you!

If a coven of witches are cursing you, you may need to destroy many evil altars. Ask Jesus how many wicked home altars you should cover with His Precious Blood to destroy.

Jesus Christ has already won this battle by His life, death and resurrection. Jesus, I trust in You.

### STEP THREE

Next, you should cut all the curses that were said against you with your Spiritual Sword (for those who attended my Healing Conferences in Texas, New York or California, you should have one).

You can also ask St. Michael the Archangel to **cut any curses being said against you** and your family members.

Send all these evil curses to the Foot of the Cross so Jesus can dispense these demons as He wants. Jesus is Lord!

### STEP FOUR

Take the rest of our Savior's Precious Blood from the pitcher and bless yourself with it.

Pour it over your head and bless yourself by saying:

"I cover myself from head to toe with the Precious Blood of Jesus Christ for my protection and healing. Thank you holy Lord. Amen."
