

Your Paternal Linage

Tracing Your Family Tree

Please complete as much of your family tree as possible. You should document any aspects or character defects of your family members such as diabetes, alcoholism, abortion, homosexuality, sexual abuse, etc. You should also document any major events, such as serving in the military, was in prison, or if a father or mother left their children at an early age or in the care of another family member. Your spouses lineage is on the back.

Your Maternal Linage
